\$704,900

5 BEDS

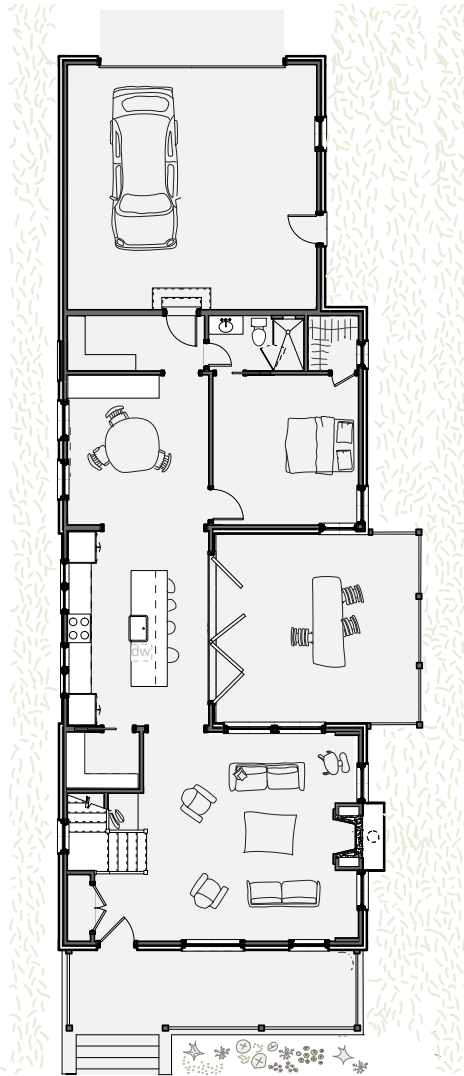

4 BATH

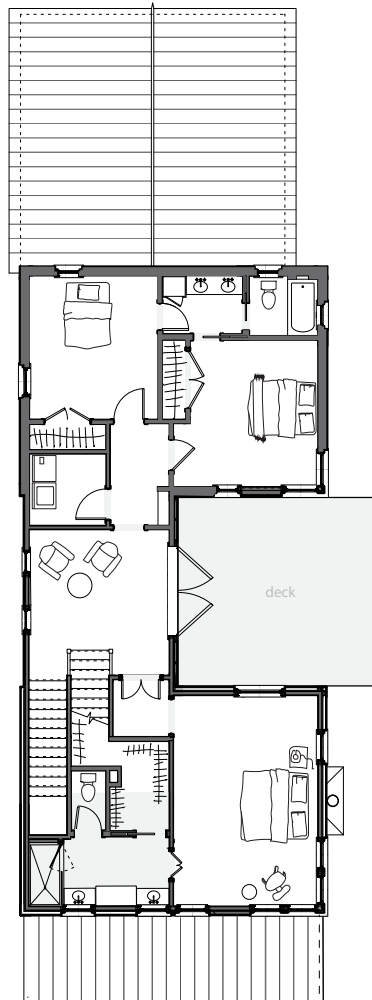

2976 SQ. FT.

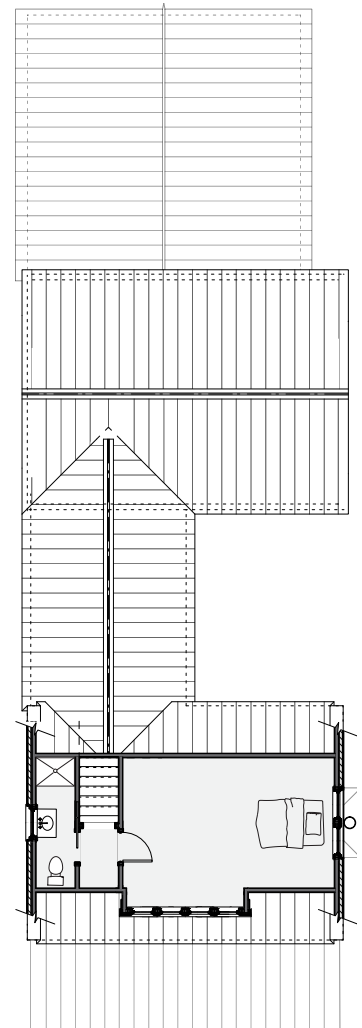

This prominent brick home on a prime corner lot is centered around an enclosed courtyard and upstairs terrace, offering true outdoor living spaces integrated into the everyday experience. The kitchen features a giant island and a folding glass wall system that creates natural flow to the outdoor covered patio. Take in the downtown skyline from a sizable second story deck. A ground floor guest suite and third floor bonus room ensure your family will have plenty of space in this beautifully detailed courtyard home.
